Library Liaisons

The Library has designated a library liaison to serve as the principal contact for each campus department and program. Liaisons have primary responsibility for providing library information and services to faculty and students in the department. They serve as the first point of contact for information about library policies, procedures and services. They provide specialized reference consultations and teach classes to support research using library resources. They select library materials for purchase and they work with other selectors in the Library to acquire library materials.

Your Rehabilitation Liaison is:

Eddie Hughes, Head of Special Collections

Email: eddie_hughes@subr.edu

Phone: (225) 771-2636
